  - Sous Vide 500k+
  - Sous Vide Cooking 250K+

The Sink Sous Vide By Chef David Burke

- The Sous Vide market is currently 1 Billion growing at 25.8% annually 3 Billion Expected by 2028
  - Anova Culinary is the leader
  - There are no chef inspired sous vide machines on the market
- The Sink Sous Vide allows the consumer to Sous Vide directly in their kitchen sink, a novel approach to cooking.
  - No pot, no taking up counter space, no dealing with hot water afterwards
- The Sink Sous Vide will be packaged as a complete kit that will have the consumer operating in minutes
  - We intend to sell 10k units year 1 and 30K year 2
  - No one else is selling a complete kit
    - A complete unit including Sous Vide
    - Sink Stopper foot
    - Vacuum sealer
    - Sealer bags
- Solid profit margins 60% even selling through Amazon
- Nationwide distribution using Danby's warehouses and logistics network
